

Protecting Our Students, Inc.

A Community Partnership Opportunity for Missouri Auto Dealers

Partner With Us to Make Missouri Schools Safer.

"Schools want to improve safety. Most lack the budget to assess it. Your partnership changes that."

The Challenge

Missouri schools are under-assessed — and underfunded to fix it. Most K–12 schools have never received a professional safety assessment. They want one. They know they need one. But **budget is the barrier** — not commitment. POSI exists to remove that barrier through community-funded partnerships.

What We Do

Protecting Our Students, Inc. is a registered **501(c)(3) nonprofit** that provides structured, scored safety assessments to K–12 schools — at no cost to the district. Our assessments are funded by community partners like you.

Our framework: **The 4-Level Safety StandardSM** — Missouri's only scored school safety framework.

94-Point Safety ZonesSM

Every school is evaluated across 94 defined safety checkpoints — from physical infrastructure to emergency protocols.

Dynamic Safety ScoreSM

Schools receive a scored report — not just a checklist — giving administrators a clear benchmark and improvement roadmap.

SafeSchool REPORTSM

Each assessed school receives a formal written report with prioritized action items and documented findings.

No Cost to Districts

Schools pay nothing. Community partners fund the assessments. Your investment goes directly to student safety — not overhead.

Why It Matters

The need is real, the solution is proven, and the cost to schools is zero. Here's the impact by the numbers:

94

Safety Checkpoints

Every assessment covers 94 defined safety zones — a comprehensive evaluation no school should go without.

\$0

Cost to Schools

Assessed schools pay absolutely nothing. Community partners like you make it possible.

4

Assessment Levels

Our 4-Level Safety StandardSM is the only scored school safety framework operating statewide in Missouri.

 Missouri K–12 schools deserve the same level of safety scrutiny as any public institution — but most have never been formally assessed. Your dealership can change that for schools right in your own backyard.

Partnership Levels

Choose Your Level of Community Impact

Every tier is designed to be turnkey for your dealership — meaningful recognition, real community impact, and full tax documentation included.

ENTRY LEVEL

Safety Sponsor — \$500–\$2,499

- Fund a school safety assessment for **1 local school**
- Recognition as a POSI Safety Sponsor
- Tax receipt + 501(c)(3) documentation
- Social media feature by POSI

MOST POPULAR

Community Champion — \$2,500–\$9,999

- Fund assessments for **2–4 schools** in your market
- Co-branded impact report with your logo
- Feature in POSI NewsWireSM (distributed statewide)
- Staff volunteer opportunity at assessment sites
- All Safety Sponsor benefits included

MAXIMUM IMPACT

Regional Partner — \$10,000+

- Fund a **full regional assessment initiative**
- Named recognition in POSI press releases and media
- Event naming rights at POSI community events
- Advisory engagement with POSI leadership
- All Community Champion benefits included

How It Works

Simple. Turnkey. No Burden on Your Team.

01

You Choose a Level

Select the partnership tier that fits your giving goals. We'll confirm your commitment and issue a pledge agreement.

03

We Provide the Assessment

Our credentialed assessors complete the full 94-point evaluation. Zero coordination required from your dealership.

02

We Identify Local Schools

POSI selects schools in your community for assessment — schools you serve, schools your employees' children attend.

04

You Receive Your Impact Report

We deliver a custom impact summary — schools assessed, safety zones evaluated, and your recognized contribution.

✔ Ready to be the dealership that protects our kids? Let's start with one school.
